Perkins Pond Protective Association

Box 2

Box of “Mostly PPPA”

Introduction

This is an inventory of two boxes of Perkins Pond Protective Association papers. The inventory took place in February 2020. The primary purpose is to identify what is and is not there. That information may be applied in various ways such as:

- For discussion and decisions about where and how these boxes should be stored..
- To provide a base from which to decide what items should be preserved and in what form
- To let people know what material exists so it can be used for reference or other purposes if desired.
- To consider what current materials should be preserved for future reference.

There are two boxes and two corresponding listings:

Box 1: Papers and bound books mostly concerning water quality and testing

Box 2: Papers mostly concerning PPPA meetings and the sewer project..

I inventoried the materials as they are. I did not make any judgements about what to keep or how they should be organized. My intent was to provide a basis that someone could use to make such decisions if so desired in a future phase. For that reason, documents are not necessarily organized in an optimal way.

About the Contents

Each hanging file folder has been given a unique identification number. A hanging folder may contain one or more tabbed "manila" folders. These manila folders do not have id numbers. A hanging folder may contain just one or it may have several manilla folders, or no folder at all. Box 1 has id numbers from 1 up to 49. Box 2 id numbers start at 50.

In this listing I have added brief descriptions or notes listing topics covered in a meeting or a document. Sometimes there may be confusion whether a not refers to a document or to a topic covered in a meeting. In case of confusion, it's best to take a look at what actually is in a folder.

Note About PPPA Meeting Reports

For each PPPA meeting from 2000 to 2018, Gary Szalucka created a "President's Notes" document to guide his management of the meeting. These notes are very informative. For almost all meetings, those Notes and a Attendance/Sign-in sheet have been preserved, , I did not list all these but it can be assumed they exist for meetings from 2000 to 2018. Recurring topics such as introductions, weed watching or planning the water carnival are not specifically noted unless there is a significant aspect.

The abbreviations NH DES VLAP are used throughout. This stands for New Hampshire Dept of Environmental Services Volunteer Lake Assessment Program

Potential Next Steps

For any significant decisions, I suggest that a committee and a process be defined before taking any irreversible steps. It would be good to define a strategy for ongoing document preservation and organization. Some questions include:

- The role scanning and computer documents. In the preservation.
- How to preserve and keep track of media other than text, such as photos and video
- What documents should be easily available, eg on the web, vs what ones would remain in the archives only
- What documents and media currently being generated should be preserved for the future – in what form and what process

Anne VanTine, March 2020

2000-2001

PPPA meeting Spring 2000

Sewer vote explained, Bill Roach

May 27, 2000 minutes and first newsletter
No presidents' notes

Tom Judge managed meeting. Commented on:
E coli increase

Chris Domian: New Zoning regulations passed by town.

Marian Leavitt submitted detailed Treasurer's rpt (summarized in minutes)

Sewer vote explanations

Tom Gallagher: bonding company requires 66 2/3 vote for sewer

Tom Gallagher spoke with Dave Brennan of town sewer dept. He wants to see more pond residents to submit sewer questionnaires.

New Officers

President Tom Galagher -> Gary Szalucka

VP Domian

Treasurer McMahon

Secretary VanTine

Bill Roach elected selectmen Mar 2000 said special vote on sewers Aug 22. Town's legal counsel sent letter explaining wh the bpmdomg cp,[amu os reqioromg 2/3 majority vote. There is a June 29 2000 Informational town meeting June 17 to explain the sewer project and a Bond Hearing June 29 to explain why a new vote is necessary, Chris Domian asked for volunteers for a PPPA Sewer committee. Unanimous vote to support project and any necessary spending.

List of dues paid

Ski day sign-up blank form 2001

PPPA Meeting Spring 2001

Sunapee vote on sewers failed for 4th time, ramifications and next steps

Sewer project update: Vote failed for 4th time. 404 vs 463. No future vote planned but can petition town .

Underwood Engineering Steve Clifton says must extend the Rural Development grant of \$766,000 for another year.

Underwood indicated if sanitary survey is done, could get additional \$450,000 funding.

Status of water monitoring program and pond trends.

For boat landing:

- We need a new grate

- Need setup to was boats at ramp, which requires electricity

- A tree fell on ramp. Gary cleared it but there is still wood

51

2002

PPPA Meeting Spring 2002

There are no presidents' notes or other papers for Spring 2002. See the Summer 2002 edition of the Perkins Ponder newsletter.

PPPA Meeting Fall 2002

Gary describes a recent meeting to discuss the future of the sewer project. Several members of PPPA, the chair of the town water and sewer commission, a couple of Sunapee Selectman, Jody Connor from DES and a couple of local townspeople who have been opposed to the project. Results include decision to conduct a full diagnostic study.

Aug 24, 2002 Treasurer's Report

Mary Jane Mumford stepping down from Memorabilia job. Bill and Mary Jane moving to Florida.

Acknowledge Anne VanTine for Perkins Ponder newsletter "a wealth of information"

Water Carnival 2002

Forms and receipts

52

2003

PPPA awarded Diagnostic Study

PPPA Meeting Spring 2003

Letter from Amy Smagula of DES June 2, 2003. Perkins Pond selected for Diagnostic Study. outlining activities and plans for lake and watershed study.. Gary outlines activities, plans and schedule.

Water quality discussion, describes how DES analyzes testing results.

2003 Ski Day

Ski Day Details and filled-in forms for 2003

Attendance list and paperwork for Ski Day planning
All forms submitted telling what people would bring and do

List and description of kids' games for ski day
Drawing that must relate to ski day games or for coloring

Laminated Sign: Water Sports Sign-Up and Registration

Expenses and Receipts

2003 Ski day expenses
Laminated page of color photos from ski day

Various invoices and financial tracking

PPPA Meeting Fall 2003

From Minutes of Aug 23, 2003 meeting

Amy Smagula speaks on sanitary survey and status report on survey. Survey focuses on four major areas: natural background, land use, tributaries, septic systems.
Amy discussed three phases of *Diagnostic Study*:

Phase I is sanitary survey
Phase II in 2004-5 Full lake and watershed assessment
Phase III 2005 report will be produced for PPPA and the town.

Discussion of phosphorus sources.

Mention of *weed wacker*

Logging on land along Marys Rd

Logging taking place on large land parcel parallel to Mary's Road and abuts Melody Lane. Amy was asked to correspond with owner about land use regulations and forestry preservation information.

Boat washes offered by Bob Skinners and Brown's Marina

53

2004

PPPA Meeting Spring 2004

Plans and activities for diagnostic study

Amy Smagula from DES visited and spoke. Review status of Sewer project.

Develop land use patterns

Install water monitoring devices

Draft report and make recommendations.

Introduce officers elected fall 2003

Meeting on the island

Susanne McMahon stepping down as treasurer and Chris Domian stepping down as VP

PPPA Meeting Fall 2004

Amy Smagula from DES visited and spoke.

Review status of Sewer project.

54

2005

PPPA Meeting Spring 2005

Road Classification, Dog complaints, DES Smagula visit, detailed water carnival plans, DES Diagnostic Study

Andy Chapman and Amy Smagula from DES visit and spoke.

Visit and talk with Roger Landry visited and spoke

Recently had culvert pipe roto-routed on the cpve. Somce tjere was mp water leaving the pond

NH DES Perkins Pond and Watershed Diagnostic Study status.
Update and reports document

Chart of phosphorus counts at various locations

Handout asking dog owners to discourage barking

Handwritten notes

Minutes on Meeting of Aug 23, 2003

Amy Smagula of DES spoke

Letter from Amy S on water quality dated 6/3/2003 outlining everything that needs to be done for the watershed study.

Vote on increasing dues from \$20 to \$25.

PPPA Meeting Fall 2005

Bill Roche explains about road classificatioon
Classification of Private Roads as Emergency Lanes

- Letter from Town Administrator explaining the designation of private roads as emergency lanes. Aug 8, 2005
- Letter from PPPA President Gary Szalucka to Sunapee Board of Selectmen announcing that PPPA approved unanimously. Aug 28, 2005
- Document describing state classification of roads.

Document about NH State Conservation Committee 2005 Conservation Grant Application
connected with NH Moose License Plate Program

New state regulations on floats.

55

PPPA Meeting Spring 2006

Bob Carruthers, diagnostic study update, DES visit, Bruce Jennings property, road reclassifications

Remembrance and picture of Bob Carruthers who served as PPPA president from 1990 to 1998.

Tom Gallagher stepping down as VP.

NH DES Perkins Pond and Watershed Diagnostic Study status.

Update and reports

Analysis from DES

Preliminary Study Results

Andy Chapman and Matt Richards of DES visited and spoke on diagnostic study

Bruce Jennings 355 acre property for sale. Gary attended meeting looking for a way to prevent development. A group is trying to get the town to purchase the land and are willing to offer Bruce \$75K to secure the right to bring to town to purchase the property for \$2 million

Gary praises PPPA members for attending hearing last fall on road reclassification to emergency designation.

PPPA Meeting Fall 2006

Report on Diagnostic Study progress and water quality

56

2007-2008

PPPA Meetings Spring and Fall 2007

Sign in sheet,
John Lovell report on dredging (more info in box 1)

Gary reported conversations with Jody Connor and Andy Chapman of DES; report on Diagnostic report not supporting the need for sewers. Overland runoff is primary contributor and groundwater is next. The study will not help get sewers approved.

Water quality reports

NH Lakes Assoc invites PPPA to join

Death of Paavo Logran

Sewer report from Gary lists percents overland runoff and ground water bringinb phosphorus

Chris Dimian about fish that are safe to eat, mercury in water. Document from nh fish and game dept.

VLAP and water sampling document

Vlap Sample Receipt Checklist 2008

Environmental Fact Sheet WD-BB-26 dated 2007 About VLAP

2008

PPPA Meetings Spring and Fall 2008

Report on sewer campaign efforts/ Robin Sanders, Bill Scharff, Holly Leonard. Robin designed the powerpoint presentation

57

Laminated meeting announcement for Water Carnival at Mietelski's and copies of it.
Receipts for expenses

PPPA Meeting Fall 2011

Gary concern about silting. Group was established last spring to apply for a grant to assist. Group headed by Ellen Winkler, work with others and Hirshberg.

Report on discussion with Donna Town Administrator about deeds for Jennings property and contract will be signed at 9/12/2011 Selectmen meeting.

Due to budget and personnel cuts, NH DES will combine VLAP (lakes) and VRAP (rivers). See email for more details.

Laminated meeting announcement for PPPA meeting at Curley cottage.

PPPA Meeting Spring 2012

Death of William Roach

Sewer Project approved 3/13/2012 Passed by 605-378. 3/5 majority was required.

Grant applications to fund sewers

Sewer project has study going on to find additional funding through rural development grants.

Plan of sewer pipe and associated easements required. Need 50 ft easement for the work and 20 foot when it is completed

PPPA Meeting Fall 2012

PPPA is not eligible for the rural development grant because it could not support an 80% of year round residences.

Also applied for a state revolving fund through NH DES. Hearing on it was Aug 31, 2012

PPPA Meeting Spring 2013

Rural Development Grant – Holly Leonard worked with the numbrs and showed that we met the criteria for the grant, so received \$760,000 toward the total project.

PPPA Meeting Fall 2013
